# WEDDING *at the* SECLUDED ISLAND

Situated about 185 km (115 miles) south of Vung Tau city and 230 km (143 miles) from Ho Chi Minh City, Con Dao island also known as Con Dao National Park, is an archipelago of 16 mostly uninhabited mountainous islets just off the southern coast of Vietnam.

The island itself is a paradise off the beaten track and is recognized by the immense natural beauty with forested hills, untouched sandy beaches and extensive coral reefs perfect for diving. Con Son, the main island boasts miles of the coastal roads and hiking trails offering a wide range of outdoor activities from trekking, discovering the nature, watching the turtles to playing the watersport.
